

USA

Market size (GW)

1997: 1,673 MW	2011: 46,919 MW
1998: 1,820 MW	2012: 60,007 MW
1999: 2,534 MW	2013: 61,108 MW
2000: 2,564 MW	2014: 65,754 MW
2001: 4,258 MW	2015: 74,347 MW
2002: 4,685 MW	2016: 82,033 MW
2003: 6,370 MW	2017: 89,047 MW
2004: 6,725 MW	2018: 96,665 MW
2005: 9,149 MW	2019: 105,433 MW
2006: 11,603 MW	2020: 122,328 MW
2007: 16,819 MW	2021: 132,738 MW
2008: 25,170 MW	2022: 140,862 MW
2009: 35,159 MW	2023: 150,455 MW
2010: 40,200 MW	

WTG manufacturers

Aeronautica Windpower (active)
 AWT Inc (no longer exists)
 Clipper (no longer exists)
 Continental Windpower (no longer exists)
 Dewind (no longer exists)
 Enron (acquired)
 Eocycle (active)
 FloWind (no longer exists)
 GE Energy (active)
 Inerjy (no longer exists)
 Jacobs (no longer exists)
 Kenetech (acquired)
 Nordic Windpower (no longer exists)
 Northern Power Systems (no longer exists)
 Pioneer Power Solutions (no longer exists)
 Polaris America (active)
 PowerWorks (no longer exists)
 Scanwind (acquired)
 SUREnergy (no longer exists)
 WEG Wind EnergyGroup (no longer exists)
 Windmatic (acquired)
 Windtec (active)
 Zond (acquired)

Main actors

NextEra Energy Resources
 Invenergy
 AES
 Mortenson
 MidAmerican Energy
 Exelon
 Pattern Energy
 Duke Energy
 Terra-Gen Power
 GE Energy
 Apex Wind Energy
 Foundation Windpower
 Caithness
 Edison Mission Group
 ContourGlobal
 Clearway Energy Inc
 Green Development LLC
 Cielo Wind Power
 Xcel Energy
 PacifiCorp
 GE Wind Energy
 Alliant Energy
 Leeward Renewable Energy
 TradeWind Energy
 Juhl Energy

Wind Energy Associations

American Clean Power (ACP), Advanced Power Alliance
